pening in December 1996, James Henager began the Henager's Memories & Nostalgia museum as a repository for family memorabilia with a focus on the family's long line of woodworking history. Over the years the variety and size of the collections continued to grow with generous donations from individuals and organizations from the local community. Today, this eclectic museum receives unique items for display from all across the nation.

Our Dream for the Future

Henager's Memories & Nostalgia is currently developing plans for the future site of a National Veterans Memorial depicting the images and memories of those who served their country in the armed forces. These plans also include construction of a life-size replica of a 1940's Main Street complete with a lumber company, paint store, Sears Retail Store, woodworking shop, filling station, theater, and a soda shop. Commemorative crystal stars and brass medallions honoring veterans are being offered to help raise funding for these future projects.

To make a contribution or purchase stars and medallions, call 812-795-2230 or send donations to:
